Terms and Conditions—Outdoor Security Lighting Program

Program Offer: The Program covers products purchased and/or services rendered **on or after January 1, 2013**.

Program Requirements:

1. Must replace or install entire fixture with appropriate ballast (no lamp or bulb replacements).
2. Replacement fixture must have lower wattage than original fixture.
3. Security lighting must be on from dusk to dawn and controlled by an automatic photocell sensor.
4. **Lights cannot be wired to a motion sensor or manual switch.**
5. Mountings: wood or steel poles, side of buildings or yard post.
6. If equipment is part of a utility lease program, customer must sign-up for a minimum of one year (or more).
7. Proof of purchase must be provided to the Utility.
8. Pre-approval is necessary for single customer requests of over \$500 or 25 units.
9. Screw in CFL's and LED's with wattages too low for this program may be able to qualify for rebates from the Indoor Lighting programs.
10. Outdoor lights must have cold start ballast rated down to -20 deg. F.

Note: The Utility may authorize customized rebate payments for large projects with energy efficient lighting not covered in the program rebate schedule.

Warranty Information:

The Utility makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Utility does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability:

Participating Customers agree that the Utility's liability, in connection with this Program, is limited to paying the Program Incentive specified (when all Terms and Conditions have been satisfied by the customer). Under no circumstances shall the Utility be liable for any consequential or incidental damages resulting from participation in this Program. The Utility will not be responsible for any tax liability that may be imposed on the Participating Customer as a result of the payment of Program Incentives.

Participating Customer's Certification:

Participating Customer certifies that he/she purchased and installed the equipment listed in their application at their defined location served by the Utility. Participating Customer agrees that all information is true and that he/she has conformed to all of the program and equipment requirements listed in the application.

Program Changes/Termination:

While this rebate program will be in effect for an indefinite period, the Utility reserves the right to extend, modify (this includes incentive levels) or terminate this Program without prior or further notice. The customer is responsible for checking with the Utility to determine whether the program has been changed or is still in effect.

Other Conditions:

The Utility reserves the right to inspect installations before issuing the rebate. If the application does not comply with the Utility's rules and qualifications, the rebate amount may be adjusted.

Customers must apply for rebates within 6 months of the purchase date (as shown on the customer's invoice). Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
